

*Blanchard Valley Farmers now has a Mobile Website!!!!*

To access the mobile website from any smartphone or blackberry device go to ***mobile.bvfcoop.com***. You do not need to place the www. in front of the address to access the site.

This gives the mobile user a very basic version of our website on your phone for quick viewing. You will have access to cash bids, futures, news, weather, and open and closing times at the branches during harvest. We will be adding and taking away certain things from time to time but will always have the 5 major pieces of information available to you. We hope this helps keep you up to date on information on a day to day basis.

Enjoy the mobile site and if you have any questions, please send e-mail requests to [jpratt@bvfccoop.com](mailto:jpratt@bvfccoop.com).

Thank you,

Blanchard Valley Farmers Co-Op
